

United We Sing! Songs from Around the World

Grades K-2

In United We Sing! students will learn the fundamentals of singing and celebrate the many diverse cultures of New York City (and their very own classroom) as they join together to form a musical ensemble.

Throughout this course, participants are invited to share music and stories from home, each class developing group singing skills all the while collecting its own unique book of music from around the world. Students will develop singing technique such as pitch and breath control and general music knowledge including basic music theory, rhythms and how to read music.

Classroom sessions are led by a teaching artist in-person or remotely, as conditions allow.
